

The diagram illustrates a software system architecture. It is divided into two main sections: 'Gestión Externa' (External Management) on the left and 'Gestión Interna' (Internal Management) on the right. The 'Gestión Externa' section contains a single large rectangular block. The 'Gestión Interna' section contains three smaller rectangular blocks arranged horizontally, labeled 'Personal' (Personnel), 'Ventas' (Sales), and 'Mantenimiento' (Maintenance). Each of these three blocks has a small rectangular tab at its top-left corner. The entire diagram is rendered in black outlines on a white background.

Gestión Externa
